Methuen, MA 01844

In re: INTERFERENCE COMPLAINT  
W221CH, Newton, NH  
BLFT-20090226AAA  
Facility ID # 155444

Dear Licensee:

This refers to the informal objection filed jointly by FNX Broadcasting of New Hampshire, LLC and FNX Broadcasting, LLC ("FNX") on March 26, 2009, and all related pleadings. For the reasons set forth below, we require W221CH to provide a report detailing the station's efforts resolving the remaining complaints.

The original informal objection identified 44 complaints of interference. The complaints allege that W221CH is interfering with the reception of WFEX(FM), Peterborough, NH and WPHX-FM, Sanford, NH. Costa-Eagle Radio Ventures Limited Partnership ("Costa") filed an opposition to complaint ("opposition") on April 8, 2009.

The opposition states that W221CH's engineer, Justin Asher, attempted to contact all 44 original complainants by email. Michael Rubino and Ryan Powers were the only two complainants that were willing to work with Mr. Asher in his attempt to resolve the interference. Another complainant, Lindsey Kilgour, replied to Mr. Asher but didn't give the engineer any additional information on the location of interference.

In an attempt to resolve the interference, Costa filed a request for Special Temporary Authority ("STA") (BSTA-20090320ABF) to reduce the effective radiation power to 200 watts. Costa filed another STA (BSTA-20090522AAM) to decrease the effective radiated power to 60 watts. Mr. Asher states that Ryan Powers' complaint was resolved with the translator operating at 60 watts. W221CH continues to operate pursuant to STA with reduced power of 60 watts.

FNX filed a supplement to informal objection on April 21, 2009 including 27 new complainants. Further, FNX filed a response to reply on May 13, 2009 citing an additional 6 complainants. Costa filed a reply to supplement on May 4, 2009 and FNX filed a response to reply on May 13, 2009. In its reply to supplement, Costa argues that the new complainants are "tainted" by FNX providing free t-shirts to listeners as an incentive to file the interference complaints. Therefore, Costa believes that it should not be responsible for the resolution of complaints from t-shirt recipients.

The Commission does not require the resolution of interference complaints submitted by people that have prohibited financial or family relationships with the station receiving interference. However, the mere provision of a T-shirt as an accommodation for the filing of an interference complaint does not rise to this level of financial relationship. Therefore, Costa must take the necessary efforts to resolve these complaints. However, should we find that substantial numbers of the complainants in receipt of T-shirts are not actually receiving interference, we may revisit this issue.

Pursuant to 47 C.F.R. § 74.1203, W221CH is required to eliminate any actual interference it causes. Therefore, it is necessary for W221CH to submit a detailed report on the attached new 33 complaints. For each complaint, the report must include: (1) the name and address of the complainant; (2) specific devices receiving the interference (i.e. type of device, manufacturer's name, model number, and serial number); and (3) any assistance provided by W221CH for each device allegedly receiving the interference and whether such interference persists. Each of the complaints must be addressed individually.

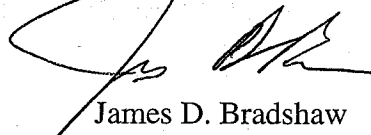

The Commission's Rules regarding FM translators restrict FM translator stations to operate strictly on a secondary basis and limit their service. Section 74.1203(a)(3) states that an FM translator station will not be permitted to continue to operate if it causes any actual radio signal interference to the direct reception by the public of the off-the-air signals of any authorized broadcast station.<sup>1</sup> Actual interference is based on listener complaints indicating that the signal they regularly receive is being impaired by the signal radiated by the FM translator station. Section 74.1203(b) states that if the interference cannot be properly eliminated by the application of suitable techniques, the operation of the offending FM translator station shall be suspended and shall not be resumed until the interference has been eliminated.

---

<sup>1</sup> An FM translator station creating actual radio signal interference to any authorized broadcast station is obligated to eliminate the interference, regardless of the location where the impaired signal reception occurs.

Within thirty days of this letter, W221CH must take appropriate actions required by the provisions of 47 C.F.R. § 74.1203 to resolve all complaints of interference to fulfill its obligations. Further action on this complaint will be withheld for a period of thirty days from the date of this letter to provide W221CH an opportunity to respond. Failure to correct all complaints within this time may require W221CH to suspend operation pursuant to 47 C.F.R. §§ 74.1203(e) and 74.1232(h).

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Bradshaw', is written over the printed name.

James D. Bradshaw  
Deputy Chief  
Audio Division  
Media Bureau

1. My name is: Chris Haddad
2. (Please check one or both) I am a regular listener to: WFEX, 92.1  
\_\_\_\_X\_\_\_\_ ; WPHX-FM, 92.1 \_\_\_\_\_.

2. I live at (Please provide your address): 138 Falcon Crest Way,  
Manchester NH 03104.

3. My telephone number is 603-303-0244.

4. Until recently I could receive WFEX \_\_\_\_X\_\_\_\_; WPHX-FM \_\_\_\_\_ at a specific location, and now I cannot receive the station clearly because of interference from another station at that location. The location is: (This is the critical information, please be as precise as you can. For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: US 93, beginning approximately .5 miles north of Exit 4. Station 92.5 begins to interfere with Station 92.1 for the remainder of the highway to the Massachusetts border.

LOCATION 2: Heading south on Route 28 in Derry, New Hampshire.  
Beginning approximately around Seasons Ln and persisting while driving  
around the downtown area (Rt 28 and Rt 102). Station 92.5 interferes  
with Station 92.1.

LOCATION 3:

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**  
**25 Exchange St.**  
**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Jacqueline Hibbard
2. (Please check one or both) I am a regular listener to: WFEX, 92.1 XXX ; WPHX-FM, 92.1 \_\_\_\_\_.

2. I live at (Please provide your address) 89 B Wason Rd, Hudson, NH 03051

3. My telephone number is 603-321-4207

4. Until recently I could receive WFEX XXX; WPHX-FM \_\_\_\_\_ **at a specific location**, and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: **(This is the critical information, please be as precise as you can.** For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: Between exits 1 and 2 on FE Everett Turnpike (aka route 3) in Nashua NH

LOCATION 2: The intersection of exit two and Daniel Webster Highway in Nashua NH. The interference at this location is from a spanish speaking radio station.

LOCATION 3: Daniel Webster Highway in Nashua NH between intersection of Spit Brook Road and intersection of Exit 2 of FE Everett Turnpike.

T-Shirt Size: Large

Please send t-shirt to the following address: 89 B Wason Rd, Hudson, NH 03051

Thank you again for your assistance and for listening!

**Subject:** WFNX Signal Interference

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**  
**25 Exchange St.**  
**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: \_\_\_\_\_ Debra Aldrich \_\_\_\_\_
2. (Please check one or both) I am a regular listener to: WFEX, 92.1 \_\_\_\_x\_\_\_\_ ; WPHX-FM, 92.1 \_\_\_\_\_

2. I live at (Please provide your address) 151 Warren Road Townsend, MA  
01469

3. My telephone number is 978-884-6243

4. Until recently I could receive WFEX X; WPHX-FM at a specific location, and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home." If you are experiencing interference at more than one location, please list them all.

LOCATION 1: Route 2 East, starts fading out approximately where Route 2 intersects with Route 495. By the time I get to work at Emerson Hospital (133 Old Road to Nine Acre Corner, Concord, MA 01742) the station is completely blocked and only the other channel is coming through completely clear. Going home it is (obviously) the exact opposite, I leave work and can't pick up 92.1 again until sometime after I cross the 495 intersect point.

LOCATION 2:

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Holly Stevens

2. (Please check one or both) I am a regular listener to: WFEX, 92.1   X   ; WPHX-FM, 92.1           .

2. I live at (Please provide your address) 1301 Bodwell Rd., Manchester, NH, 03109

3. My telephone number is 207-299-0859 (cell phone)

4. Until recently I could receive WFEX   X  ; WPHX-FM            **at a specific location**, and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: **(This is the critical information, please be as precise as you can.** For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: Hampstead Rd/ East Derry Rd in Hampstead, NH where it intersects route 121 (right near the stop sign I start hearing Spanish music)

LOCATION 2: at various spots on route 121 in Hampstead, NH between the intersection of Hampstead Rd/East Derry Rd/Depot Rd and the intersection of Emerson Ave (all along that stretch of road the radio cuts in and out of Spanish music.)

LOCATION 3: On Route 28 bypass right in front of Pinkerton Academy in Derry, NH all the way down to the rotary in Derry, NH (again Spanish music cuts in and out as I am heading down or up the hill from Pinkerton to the rotary and vice versa)

I hope these location descriptions are detailed enough, if not, let me know.

T-Shirt Size: XXLarge

**WFNX**

**25 Exchange St.**

**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Stan Mugford
2. I am a regular listener to: WFEX, 92.1 .
3. I live at : 19 Lilac Lane Sandown, NH 03873.
4. My telephone number is 603-770-9691.
5. Until recently I could receive WFEX (see below) and now I cannot receive the station clearly because of interference from another station at that location.

The **locations** are:

LOCATION 1: Route 121A and Danville Road in Plaistow, NH. Obvious signal interruption from another station. I could hear two songs playing at once. As I drove onto 121A from Danville road towards Route 111 in Hampstead, the WFEX signal becomes stronger and other station stops coming in.

LOCATION 2: On Route 121 A from Wells Village Road in Chester all the way to Zorvino Vinyards at 226 Main Street in Sandown. The signal becomes gradually weaker and then comes back. At one point I cannot hear anything, I am not sure if it is another station coming in or not as I cannot hear the announcer at all.

LOCATION 3: At work at 396 Pepsi Road Manchester, NH 03109 I can set my radio to 92.1 and if I move the radio even slightly I get another station, I have not heard the call letters, but it is NOT WFEX.

T-Shirt Size: XXL Large

Please send t-shirt to the following address:

Stan Mugford

19 Lilac Lane

Sandown, NH 03873

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough , NH and/or WPHX-FM, 92.1, Sanford , ME. We are looking for specific examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**

**25 Exchange St.**

**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Andy Pirkey

11.2

2. (Please check one or both) I am a regular listener to: WFEX, 92.1 X ; WPHX-FM, 92.1 \_\_\_\_\_.

2. I live at (Please provide your address): 60 Highland Ave Milford, NH

\_\_\_\_\_

3. My telephone number is (603)769-9983\_\_\_\_\_

4. Until recently I could receive WFEX   X  ; WPHX-FM                      **at a specific location**, and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: **(This is the critical information, please be as precise as you can.** For example: "I was on highway number X, near

exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: In Hudson,NH on Route 111 at the Windham,NH town line Heading east toward Route 93. This is on my ride to work and the station become unlistenable.

**Subject:** WFNX Signal Interference

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**

**25 Exchange St.**

**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: **Patti Kelliher**

2. (Please check one or both) I am a regular listener to: WFEX, 92.1 **X** ; WPHX-FM, 92.1 \_\_\_\_\_.

2. I live at (Please provide your address) **66 Cutler Lane Manchester, NH 03104.**

3. My telephone number is **(603) 289-1330**.

4. Until recently I could receive WFEX **X** ; WPHX-FM \_\_\_\_\_ **while driving on Route 93 South, 1/2 mile before Exit 4 (Londonderry/Derry),** and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: **As above – Route 93 South approximately 1/2 mile prior to Exit 4 in Londonderry/Derry. Once you get off the highway, another station still is garbled with FEX for at least another 1/2 mile or so.** For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: 93 South near exit 4, and the surrounding area, after getting off at the exit.

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**  
**25 Exchange St.**  
**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Scott Milne
2. (Please check one or both) I am a regular listener to: WFEX, 92.1 (do you mean 92.1 WFNX??) X ; WPHX-FM, 92.1 \_\_\_\_\_.
2. I live at (Please provide your address) 273 Ray Street, Manchester, NH 03104
3. My telephone number is 603.232.0437
4. Until recently I could receive WFEX X ; WPHX-FM \_\_\_\_\_ **at a specific location**, and now I cannot receive the station clearly because of interference from another station at that location.

The **location** is: (**This is the critical information, please be as precise as you can.** For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or

"traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: I-93 South at exit 6 (I-293 cut off) ... just before and after this (probably 1/2 mile before and for about 2 -3 miles after). Sometimes it is just interference and sometimes I can actually hear another station.

LOCATION 2: NH Highway 28 North leaving exit 5 and heading towards Londonderry, NH (short stretch but considerable interference) which continues when I turn onto NH Highway 128 South (Mammoth Road) for a few miles. This is where I typically hear other stations cut in and out.

LOCATION 3: Generally speaking - as my wife often complains - in Manchester North heading South into downtown it is considerably static-y.

T-Shirt Size: Small **Medium** Large XLarge XXLARGE

Please send t-shirt to the following address: 273 Ray Street, Manchester, NH 03104

Thank you again for your assistance and for listening!

**25 Exchange St.**

**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Mike Conlan

2. (Please check one or both) I am a regular listener to: WFEX, 92.1 \_\_\_\_\_ ; WPHX-FM, 92.1 \_\_\_\_check\_\_\_\_.

2. I live at (Please provide your address) \_24 High Street, Exeter, NH 03833\_

3. My telephone number is \_603 770 0519\_

4. Until recently I could receive WFEX \_\_\_\_\_; WPHX-FM check at a specific location, and now I cannot receive the station clearly because of interference from another station at that location. The location is: (This is the critical information, please be as precise as you can. For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: On Route 495, near Andover, MA between exits 43 and 51. The signal for a spanish language channel completely over takes the WPHX signal. This continues to happen in spots further up 495.

LOCATION 2: On Route 125 between Haverhill, MA and Plaistow, NH. At uneven intervals the same spanish language channel cuts in to the WPHX signal. At times the signals seem blended, making either station inaudible other times the spanish channel takes over completely.

LOCATION 3: Half the way down Dorre Rd in Kingston, NH. At a certain point the WPHX signal is totally over taken by a spanish language signal (see the pattern?).

I would also like to add that I enjoy the fact that WPNX and WFNX are available to me. I am a Outside Sales Rep for a auto parts store, my territory covers a large area and I do spend a lot of time in my car listening to this station. Having it cover my territory, albeit on two dial positions, is a great thing for me and the company I work for, they are advertisers. I thank you for your diligence in resolving this issue.

Sincerely,

Mike Conlan, E & J Auto Parts, NAPA

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**  
**25 Exchange St.**  
**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: Karen  
Mathews

2. (Please check one or both) I am a regular listener to: WFEX, 92.1 \_\_\_\_\_ ; WPHX-FM, 92.1 X.

2. I live at (Please provide your address) 430 Silver St. PO Box 45 Milton, NH 03851

3. My telephone number is 603.652.7947

4. Until recently I could receive WFEX \_\_\_\_\_; WPHX-FM X **at a specific location**, and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: **(This is the critical information, please be as precise as you can.** For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.

LOCATION 1: Occasionally, while driving south on Rte 16 – specifically, between exits 17 and 16 (the stretch between Milton and Rochester), I will lose reception and hear either static, the faint sound of another station, or both. I cannot identify the other station, but it's enough interference that I have to switch. This is only occasionally, so I'm unable to pinpoint the reason why (weather, etc.). While driving, I listen primarily in the mornings anywhere from 7:30 – 8:30 (weekdays).

LOCATION 2: At my home in Milton, NH, there is sometimes a few days to a week where I'll get very little reception, but with garbled sound – not necessarily static – coming across. It does not seem to occur with other stations, when I have to reluctantly switch. I listen at home primarily in the morning hours between 6 – 8 (weekdays), and occasionally evenings between 6–8.

LOCATION 3: I have experienced some interference on Spaulding Turnpike as I'm traveling south, approaching exit 9, to just beyond exit 8 (Dover, NH). Again, this is primarily in the mornings, weekdays.

T-Shirt Size: Small Medium Large XLarge XXLARGE

Please send t-shirt to the following address: Karen Mathews PO Box 45 Milton, NH  
03851

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific examples of interference from other radio stations as opposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**  
**25 Exchange St.**  
**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: \_\_\_\_Lauren  
Frazzetta\_\_\_\_\_

2. (Please check one or both) I am a regular listener to: WFEX, 92.1 \_\_\_\_X\_\_\_\_ ; WPHX-FM,  
92.1 \_\_\_\_\_.

2. I live at (Please provide your address) \_\_\_\_3 Patten Road, Merrimack, NH  
03054\_\_\_\_\_.

3. My telephone number is \_\_\_\_603 913 4754\_\_\_\_\_.

4. Until recently I could receive WFEX \_\_\_\_X\_\_\_\_; WPHX-FM \_\_\_\_\_ **at a specific  
location**, and now I cannot receive the station clearly because of interference from another  
station at that location. The **location** is: **(This is the critical information, please be as  
precise as you can.** For example: "I was on highway number X, near exit number Y," or "on A  
Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or  
"at work at F address," or "at my home.") If you are experiencing interference at more than one  
location, please list them all.

**Subject:** Re: WFNX Signal Interference

1. My name is: James Graichen
2. (Please check one or both) I am a regular listener to: WFEX, 92.1 x; WPHX-FM, 92.1
2. I live at (Please provide your address) 233 Broad St. Nashua, NH  
03063
3. My telephone number is 603-595-2889
4. Until recently I could receive WFEX x; WPHX-FM          at a specific location, and now I cannot receive the station clearly because of interference from another station at that location. The location is: (This is the critical information, please be as precise as you can. For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.") If you are experiencing interference at more than one location, please list them all.  
LOCATION 1: Along Main St between library hill and city  
hall.

LOCATION 2: Along Rt 3 Nashua Exit  
6

LOCATION 3: Along I-293 and Rt-101 in  
Manchester

T-Shirt Size: Large

Please send t-shirt to the following address: 233 Broad St. Nashua, NH  
03063

Dear WFNX Listener,

Thank you for providing us with information regarding the interference you are experiencing when trying to listen to WFEX, 92.1 Peterborough, NH and/or WPHX-FM, 92.1, Sanford, ME. We are looking for specific

examples of interference from other radio stations as apposed to static. We have forwarded your email to the Federal Communications Commission (FCC). In response, the FCC has asked for additional information from each listener who sent an email.

Therefore, please hit **reply** in order to fill out the information below, and then hit **send** when completed. If you would like to print out the survey to have it completed in written form, please send it to:

**WFNX**

**25 Exchange St.**

**Lynn, MA 01901**

We thank you in advance for your cooperation, and for helping us to provide you an interference-free, high-quality radio listening experience. Please provide as much information about this specific interference as you can. Also, please include your address as we would like to send you a WFNX t-shirt as a token of our appreciation. (Please tell us your size.)

**PLEASE COMPLETE THE FOLLOWING:**

1. My name is: \_\_\_\_\_
2. (Please check one or both) I am a regular listener to: WFEX, 92.1 \_\_\_\_\_ ; WPHX-FM, 92.1 \_\_\_\_\_.
2. I live at (Please provide your address)  
\_\_\_\_\_.
3. My telephone number is \_\_\_\_\_.
4. Until recently I could receive WFEX \_\_\_\_\_; WPHX-FM \_\_\_\_\_ **at a specific location**, and now I cannot receive the station clearly because of interference from another station at that location. The **location** is: **(This is the critical information, please be as precise as you can.** For example: "I was on highway number X, near exit number Y," or "on A Street near the intersection with B Street," or "traveling on C Street from D Street to E Street," or "at work at F address," or "at my home.")
